FOREWORD

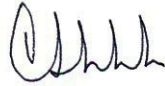

District Industrial Potentiality Survey Report of District Farrukhabad is a key report which not only contains current industrial scenario of the district but also other useful information about the district. This report provides valuable inputs which may be useful for existing & prospective entrepreneurs of the District.

It is the only source which provides the latest data on infrastructure, banking and industry of the district. It also provides information on potentials areas in manufacturing and service sector of the district.

I sincerely hope that District Industrial Potentiality Survey Report of District Farrukhabad will facilitate easier dissemination of information about the district to policy makers and also to the professionals working in the MSME sector.

I appreciate the efforts made by Shri Rakesh Chandra, Asstt. Director (L/F) in preparing the District Industrial Potentiality Survey Report of Farrukhabad District.

Brief Industrial Profile of Farrukhabad District

1. General Characteristics of the District

Farrukhabad was founded by Nawab Mohammad Khan Bangash, who named it after the reigning emperor Farrukhsiyar, in 1714, the district of Farrukhabad forms part of Kanpur division. The township of Farrukhabad, Fatehgarh consist of two district towns, Farrukhabad & Fatehgarh, the former being the headquarters of the Tehsil & the latter forming the headquarters of the district, both lying about 5 Kms apart. Fatehgarh derives its name from an old fort. Fatehgarh remained a Military Station of considerable importance and in 1802 it became the headquarters of the Governor Generals Agent for the ceded provinces. In 1818 a gun carriage factory was established here.

The district as it exists now is bounded by Badaun and Shahjahanpur on the north, Hardoi on the east, Kannauj on the south and district Etah & Mainpuri on the west. Rivers Ganga & Ramganga are located towards the east & Kali Nadi towards the south

1.1 Location & Geographical Area.

Farrukhabad is situated between Lat. 26° 46' N & 27° 43' N and Long. 79° 7' E & 80° 2' E. It forms a part of Kanpur division. It is bounded by Badaun & Shahjahanpur on the north, Hardoi on the east, Kannauj on the south and Etah & Mainpuri on the west. Total area of District Farrukhabad is 2,28,830 Hectares.

1.2 Topography

The district is a level plane, varied only by a few gentle undulations and slopes, sometimes abrupt, which lead down to the river valleys. The highest recorded elevation is 167m. above sea level at Mohammadabad and the lowest 145.69 m. at Mau Rasulpur in the Trans Ganga flats of Tehsil Farrukhabad. The only marked variation of level is between the two divisions, the upland or bangar, which is a continuation of the doab and the low lands or Tarais, cut away from the upland by the erosive action of the rivers.

3. INDUSTRIAL SCENERIO OF Farrukhabad

Farrukhabad is famous for its cloth printing/Textile Printing, block Printing, block making & Jari Jardoji Udyog. Jari Jardoji Udyog is a traditional udyog of District Farrukhabad and widely spread including rural area also, Approx 1.75 lakh trained handicraftsmen are engaged in this work and 80,000 personals are busy in marketing & making availability of Raw Material. Around 360 Jari Jardoji Units are registered in the District. Various type of clothes like Table Mat, Tharkosh, Sari, Blouse piece, Dupatta, Salvar & Kurta are being manufactured by Jari-Jardoji work in India and various Products are being exported to countries like England, America, Japan, Saudi Arabia etc. Recently Textile ministry of India in collaboration with state government has established a Textile Park. More than 250 textile entrepreneurs have shown interest in the project. This textile Park will help bringing the district into the national map. Apart from revenue it will create enough job opportunities for the local youth.

Kaimganj is known for the chewing Tobacco industry. The district Farrukhabad produced about 8 million tonnes of Potato and hence have about 61 Cold Storages, the district is also known for its Sunflower cultivation. Beetle-nut (Supari) is also processed to make sweet supari and is a famous product of Farrukhabad.

3.6 Growth Trend

There is stagnation in number of MSEs coming up every year. Approx. 500 MSEs are coming every year.

There is significant growth in terms of investment in plant & Machinery.

Since Jari Jardoji Udyog is a traditional Udyog in District Farrukhabad and products are being exported to various countries, hence there is still scope to come up new industries in this field. Cloth printing, Block making, Agro based industries & repairing & servicing based industries are also getting momentum in the district.

3.7 Vendorisation / Ancillarisation of the Industry

Since there is no Large/Medium Industry is available in the District, hence there is no scope for venderisation/Ancillarisation of the Industry
