FOREWORD

District Industrial Potentiality Survey Report 2016 of district Hamirpur has been prepared by MSME Development Institute, Kanpur. The report highlights available resources, basic infrastructure, established clusters, data of MSME units and Industrial Estates etc.

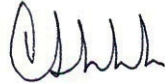

Hamirpur district in Bundelkhand area is an under-developed and backward area in terms of infrastructure development. Due to lack of basic amenities, the district has witnessed population migration. MSME Development Institute mainly focuses on developing agricultural and food processing units and other sectorial units to provide jobs in the district.

District Administration, District Industry Centre, Statistical Department, District Lead Bank, Agriculture & Horticulture offices, Live-stock Office and other departments of Hamirpur and Lucknow have provided valuable information via journal, website, telephonic conversations and other communication channels.

It is hoped that this report will be very useful to existing / prospective entrepreneurs in setting up / expanding their enterprises. It will also be helpful to Govt. Institutions in framing development plans and policy for the district.

I appreciate the efforts made by Shri P. K. Srivastava, Asstt. Director (Food) in preparing the District Industrial Potentiality Survey Report of Hamirpur District.
